Examiner, Pessio,

Attached is a response to the Office Letter mailed on January 30, 2007 in the above-identified application.

Applicants are aware that this office action was mailed on January 30, 2007. However, the office letter was never delivered to the Applicant attorney. The office letter was returned to the patent office (see patent office file) without delivery or notification by the post office. Applicants' attorney became aware of this action when the examiner contacted the applicant to verify applicants' address. At the time of the mailing of the office action (January 30, 2007), the address of the action was accurate. Attorney for the applicants have received numerous correspondences from the patent office at that same address well after January 30, 2007. In May, attorney changed mailing addresses, which is reflected in the files for this application. Applicant feels that the failure to respond to the office letter within the original three-month period was due to the post office's failure to deliver the office letter. Once learning of the existence of this office letter attorney has been diligent in preparing a response for this office letter. Applicants submit that this response is timely filed in view of the fact that Applicants' did not receive notice of this action until July 2007. Applicant believes this reply to be fully responsive to all outstanding issues and place this application in condition for allowance. If this belief is incorrect, or other issues arise, do not hesitate to contact the undersigned at the below listed telephone number.
